JEAN-PIERRE AUDEBERT : A FAST CAREER IN FRENCH DESIGN

French interior designer, member of the renowned Paris 'Société des Artistes Décorateurs', an organisation which groups the crème de la crème of French designers, both in the areas of interior design and architecture. Graduated from the 'Ecole Boulle', Audebert earned his spurs with home interior projects and designs for financial institutions, public buildings and schools. He devised a range of different projects for the French High-Speed Train or TGV network.

YOUR PERSONALISED RECLINING CHAIR

One single movement

Back separately adjustable

Footstool
separately adjustable

Mono-move or Multi-move

With a JORI recliner, you can choose between a mono-move or a multi-move mechanism (with most models, both versions are available).

- The mono-move is the simplest to operate: the backrest and footrest can be adjusted continuously in a single movement. Simply sit down, activate the lever and lean back. The adjustment is made for you, with ease and comfort.
- With the multi-move, you can adjust the backrest and footrest separately. That way you can always adjust the way you are sitting so you can read, watch TV or simply relax.

Mini, Medi, Maxi

You can also tune the dimensions of the recliner to the length of your body. JORI offers 3 personalised versions: Mini, Medi & Maxi. Mini is extremely well suited to anyone under the height of 1.65 m (5'6"). Medi provides the best comfort for people between 1.65 m and 1.85 m (5'6" and 6'1"). Any taller and the Maxi should be your preference.
