

**ORYX : PURE DESIGN**

The new sofa model of French designer Giraud is an ode to the proud and elegant bearing of the antelope or oryx, regally posed on its slender legs and perfectly integrated in its natural environment. The designer succeeds perfectly in attributing the same characteristics to his creation. The Oryx sofa model seduces with its strikingly simple and elegant appearance. The well-considered interplay of lines with fine, straight contours and sloping diagonals, in combination with the nonchalant play of the cushions, give the design a distinct and playful cachet.

CHRISTOPHE GIRAUD : AN ACCOMPLISHED DESIGNER

As French architect, he graduated from the famed "Ecole d'Architecture de Normandie". Giraud covered the full gamut of architectural pursuits with due success: from devising public and private buildings, across designing showrooms and boardrooms right up to conceiving packagings and utensils. Architecture he describes as "aiming for balance between space and matter, between form and function".
